

To All Photographers:

During any photo session in the Ross Sanctuary, please observe the following Temple B'nai Abraham guidelines:

- **The Temple B'nai Abraham Ark**
 - **As the Ark is alarmed, please request that maintenance disarms it before your photo session begins.**
- **Handling the Torah Scrolls:**
 - **Only one Torah (wrapped and closed) may be taken out to be held or to be placed on the reading table.**
 - **Under no circumstances may you uncover or unroll any Torah scroll. This includes your personnel or any Bar/ Bat Mitzvah family members. *No exceptions***
 - **Please return the Torah to its exact place in the Ark.**
 - **When you have completed the photo session, please notify maintenance personnel.** If you have any questions or requests during the photo session, please do not hesitate to ask the temple staff for assistance

Please be aware that there is video surveillance of these premises. We appreciate your compliance of our requests as your violation will result in the immediate termination of the photo session in the Ross Sanctuary and affect your status as a returning vendor to Temple B'nai Abraham.

Thank you.
